Unless otherwise agreed, exchangeable loading equipment such as Euro pallets must always be exchanged directly at the loading and unloading point. The quality of the exchange pallets must at least meet the requirements of class C, unless a higher quality is expressly requested. The return of loading equipment to the loading point must be reported to the relevant dispatcher in advance, has to be done within a period of 14 days and on behalf of EKE Logistik Hof. If the period expires, EKE Logistik reserves the right to charge EUR 25 per pallet. DPL, PAKi, promissory notes or similar must be sent in the original to EKE Logistik within 14 days.

Neutrality must always be guaranteed in the case of neutral transport. No data from the actual recipient may be communicated to the loading point. Only

the CMR, delivery notes or similar documents that are included in the attachment when the order is placed may be used for delivery. Under no circumstances may documents from the loading point be shown to the recipient. EKE Logistik reserves the right to deduct a flat rate of EUR 120 from the agreed freight price if neutrality is not observed.

Please send us invoice and POD's via e-mail to [info@eke-logistik.com](mailto:info@eke-logistik.com)

We operate on the basis of ADSp 2017.

If the conditions from EKE-Logistik's loading order are fulfilled by the carrier, EKE-Logistik will pay a demurrage fee of a maximum of EUR 40 per hour.
